

## THE TWO-MILE STREAK

Granted in 1719 to encourage industrial development in the province and called New Portsmouth, this two-mile wide strip of land was set aside to provide homesites for imported workers at the Lamprey Ironworks. Wood from this strip was converted to charcoal for the Ironworks. Absorbed by the 1722 Barrington Grant, the area retains its identity as The Two-Mile Streak. Descendants of early settlers still live here.

NEW HAMPSHIRE HISTORICAL MARKER #96  
ERECTED AUGUST, 1974

As the state historical marker located on Rte. 125 indicates, development in Barrington was encouraged in the early 1700's. In contrast to the present day influx of new residents, it was, at that time, difficult to induce enough people to settle in the 6½ x 13 mile area granted in 1722 as the Town of Barrington. Finally by 1742, enough had settled to provide a first tax list of 42 individuals.

During the first half of the nineteenth century, a number of water-powered mills stimulated the community's economy and, in 1817, the population of the town (including the area now known as Strafford) grew to 3564, the third largest town in New Hampshire. When turbines were invented and used in mills, the earlier water-powered mills in Barrington were obsolete. Dover and surrounding towns drained Barrington's work force by hiring workers to work in their larger mills. The opening of the western part of the country also contributed to the exodus.

During the era of the railroad, which passed through the Two-Mile Streak, (1874-1934), the Town received an economic shot in the arm. A number of businesses were built up and serviced by the railroad. With the advent of the automobile, the "Calef Highway" (Rte. 125) was constructed, with the portion of the highway from Barrington to Epping passing over the old railroad bed.

The Rte. 125 area is now the site of considerable commercial activity, serving a community whose population is again rapidly expanding. Since 1970, the population has doubled and now stands at approximately 3600.

THE STATE OF NEW HAMPSHIRE  
TOWN WARRANT

5.

To the Inhabitants of the Town of Barrington in the County of Strafford in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the auditorium, Barrington Community Building in said Barrington on Tuesday, the 13th day of March next at 10 of the clock in the forenoon.

Polls open at 10:00 AM

Polls close at 6:00 PM

Articles of business to be acted upon on Saturday, March 17 at 10:00 AM.

---

Article 1. To choose, by ballot and majority vote, one Selectman for three years, one Selectmen for one year, one Trustee of Trust Funds and one Auditor for three years.

Article 2. To choose, by ballot and majority vote, one Town Clerk, one Treasurer and one Tax Collector for three years.

Article 3. To see if the Town will vote by ballot, to adopt the amendment to the existing zoning ordinance as proposed by the planning board.

Article 4. To see if the Town will authorize the Selectmen to appoint all other necessary Town Officers.

Article 5. To see if the Town will accept the reports of its Officers and Agents.

Article 6. To see if the Town wishes to continue with the services of an Advisory Budget Committee and elect two members for a three year term.

Article 7. To see if the Town will vote to elect the Planning Board as authorized by RSA 36:4 as amended. (by petition)

Article 8. To see if the Town will vote to direct the Planning Board to complete and publish the Master Plan for the Town of Barrington in accordance with RSA 36: 13-15, no later than June 15, 1979. (by petition)

Article 9. To see if the Town will vote to close and abandon the section of road from Beauty Hill Road to Route 125, known on map of Barrington as the Bumford Road. (by petition)

Article 10. To see if the Town will vote to authorize the Selectmen to continue to make use of the services of the Strafford County Dispatch Center, in support of the Barrington Police Department and approve expenditure of the sum of \$5277.00 in support of the Town's action.

Article 11. To see if the Town will vote to authorize the Selectmen to make use of the services of the Durham Dispatch Center in support of the Barrington Fire Department and approve expenditure of the sum of \$1759.00 in support of the Town's action.

Article 12. To see if the Town will vote to authorize the Selectmen to withdraw from the Revenue Sharing account the sum of \$50,000 to be used for the construction of a solid waste transfer station at the present dump site.

Article 13. To see if the Town will authorize the Selectmen to sell the following town owned property acquired by tax sale, in accordance with RSA 80:42: Land on Pond Hill Road, previously owned by George and Germaine Deshong. Land on Rte. 125, Tax Map 14, Lot 74.

Article 14. To see if the Town will authorize the Selectmen to dispose of those items designated as surplus.

Article 15. To see if the Town will vote to provide worker's compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-funded Worker's Compensation Program, commencing March 25, 1979, and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary.

Article 16. To see if the Town will modify it's existing Dog Ordinance by changing the penalty to "not less than \$10.00 for the first offense and \$100.00 for the second offense."

Article 17. To see if the Town will authorize the Selectmen to use the \$8,077.84 now set aside for a sepcial purpose, namely the Wood Road, to offset work described within the general road program.

Article 18. To see if the Town will authorize the Selectmen to borrow up to \$500,000.00 in anticipation of taxes.

Article 19. To see if the Town will vote to raise and appropriate the sum of \$50.00 to the Lake's Region Association for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the town in cooperation with other towns in the Lakes Region.

Article 20. To see if the Town will accept all other items in the budget not covered by articles in the warrant.

Article 21. To transact any other business that may legally come before said meeting of the Honorable Town Government.

Given under our hands and seal, this 20th day of February, in the year of our lord Nineteen Hundred and Seventy-Nine.

1978 was a year that saw the Town and School District join the Proposition 13 mania by reducing the tax rate. A considerable surplus left at the end of the fiscal year in both the school and town treasuries helped matters by offsetting the amount to be raised by taxes. The reduction in the tax rate did not seriously affect services provided or programs contemplated.

Throughout the year the Selectmen continued working on the solid waste disposal problem. The Town officially joined the Lamprey Regional Solid Waste Cooperative at the 1978 Town Meeting. Sometime in 1980, the Cooperative's steam generating incinerator in Durham will become operational and the Town's solid waste will be hauled from a compactor station at the present dump site. The Selectmen are currently studying transfer station alternatives and will be seeking competitive bids right after Town Meeting.

In conjunction with the Road Agent and Town Engineer, the Selectmen began development of a comprehensive long range plan for upgrading Town roads. The first stages of this plan are reflected in the 1979 budget. The important factors in the development of the plan are: 1. on-site surveys of usage and 2. a review of current population density and projections.

The Fire Department received the new 1000 G.P.M. pump and 1000 gallon tank Bean truck. The Department continues its fine job under Chief Hayes and Assistant Chief Calef and has the support and thanks of the Selectmen. For Chief Swain and his team of officers last year's work load increased significantly; in 1978 there was a 25% increase over the previous year in incidents requiring the involvement of local police officers.

Barrington Emergency Medical Services was organized in 1978 under the direction of Joel Sherburne. This group of volunteers includes a number of qualified individuals who serve the community by responding to medical emergencies. While on this subject we would be remiss if we did not give recognition to the Barrington Mobile Home Estates Women's Club. This group of dedicated citizens has made several generous contributions to BEMS which have been used to purchase needed medical equipment.

In an effort to improve administration of Town government, the Selectmen have: 1. Approved the re-arrangement of the Town Offices. 2. Established the Town's first personnel policy and 3. Started work on policies which will guide the conduct of police work.

The 1978 survey by the state set Barrington's equalized value at 50%, a decrease of 9 % from the previous year. This continuing reduction reinforces the need for a complete revaluation of all property by 1981. Land values, in particular, reveal a large discrepancy between assessed value and market value; many land assessments are only about 10% of market value. The Selectmen continue to recommend that the Town build the fund to finance revaluation.

Finally, we wish to express our sorrow over the loss of a friend and associate, Fred Conway. Fred was a good family man, a fine neighbor and, for many years a hard-working member of the Town staff. We wish to take this opportunity to dedicate this year's town report to his memory.

#### Board of Selectmen

As a footnote, we also wish to express our sadness over the untimely parting of another good neighbor, Leroy Miller. In his quiet and unassuming way, he served this town as a captain and outstanding member of the Barrington Fire Department. We will miss Leroy very much.

## PLANNING BOARD ANNUAL REPORT

The Planning Board held twenty-six scheduled meetings during 1978. Thirteen meetings were with subdividers and thirteen were work sessions. A total of thirty subdivisions were viewed by the Board with seventeen receiving final approval. Several received restrictions on the amount of lot transfers per year to help control development within subdivision per year.

A public hearing was held for a proposed preferred commercial area. Most of the pros and cons expressed were from land owners within the proposed areas. The Planning Board hopes to develop something in this area of the Master Plan that will be acceptable to all.

The Board formed a sounding board during the summer which was set up in four groups: growth management, land use, industry, and water resources. The groups met independently and with the Planning Board. The Board has found the work done by these volunteers a very valuable asset in helping gather information for the Master Plan. We thank them for their input this past year and look forward to working with them in the new year.

A growth management proposal was developed by the Growth Committee. This proposal will be presented to the townspeople at public hearings in February of 1979 and considered for acceptance at the annual town meeting. If passed it will become a part of the Zoning Ordinance.

The Planning Board has continued the work on the Master Plan and with the help of the Sounding Board will present the Town a plan that will become an effective guide for orderly growth in Barrington. It is the goal of the Board to complete the Master Plan during 1979.

The Planning Board wants to thank all citizens who have given their time and efforts to us in the past year and extends an open invitation to all to come to our meeting, offer any suggestions, and to participated in our work in anyway they feel they can.

Respectfully Submitted,  
E. Richard Powell  
Chairman  
Barrington Planning Board

## REPORT OF BOARD OF ADJUSTMENT

The Zoning Board of Adjustment considered ten cases this past year. Of those ten cases, nine were requests for Special Exceptions to the Zoning Ordinances. The Board consisted of Gerard Cossette, Chairman, Lawrence Robie, Edward Young, Robert Shepherd, Faith Wallace, and alternates Louise Eschmann, Ralph Boodey, and Ronald Waldron. Mrs. Wallace was reappointed for another five year term by the Board of Selectmen.

Sincerely,  
Board of Adjustment  
By:  
Gerard E. Cossette, Chairman

---

 CENTENNIAL GRANGE REPORT

Centennial Grange 185 is in the rural community of Barrington, population 3500. In 1973 a Community Building was erected in the town to house town offices, a library, and a gymnasium. This building is also used by the school and many civic organizations for meetings and events. Centennial Grange has held their annual fair in the gym. Behind the gym was a small unfinished room being used primarily for storage. In 1977, residents felt this room (20'x24') would make an ideal kitchen facility, thus increasing the use of the building.

The Barrington Voters' Association began the kitchen project with the donation of an electric stove and refrigerator. When that organization disbanded in 1977, they gave the town \$486.80 in trust for a kitchen project. In Sept. 1977, Centennial Grange, recognizing the value of this project, voted to assume responsibility for completing the kitchen as a community project. After estimating the costs necessary for completion, a campaign was begun to raise more funds in the community. A letter was mailed to about 50 organizations and local citizens requesting contributions. To date an additional \$600.00 has been collected.

A Grange committee was formed to plan a layout, purchase materials and install equipment. Except for installation of plumbing and the ceiling, all labor was volunteered. To begin with, we had four unfinished cement walls, a cement floor, exposed ceiling grids and one light fixture. The walls were finished with sheet rock and painted. Pine cabinets, metal sink and formica counters were installed. Electric outlets, a stove fan, and 6 ceiling fixtures were added. A large closet was added for storage of town equipment. The Grange Home Economics committee has decorated the room with colorful prints and accessories.

Total expenditure for the kitchen amounted to \$1,493.00 with donations totaling \$1,086.00. The Grange's monetary contribution was \$407.00. The kitchen committee donated more than 375 hours in volunteer labor.

The availability of the kitchens has increased participation in civic activities in Barrington and has helped develop a pride in our town. To date some of the kitchen uses have been: weddings, school PTC, meetings, town meeting night, church suppers, and fairs. During last winter's storms when some residents lost electric power, they were able to be housed and fed in the community building which has its own generator. So the kitchen is also available for disaster support in emergencies.

Centennial Grange 185 feels that this project has contributed more than a kitchen to the townspeople. It has in fact, created a greater community awareness of what can be done by volunteers to improve their town, and hopefully will lead to further community projects.

Centennial Grange received first prize for this project from the State Grange.

---

#### REPORT OF BARRINGTON NEW HAMPSHIRE HISTORICAL SOCIETY

Because of the unpredictable variety of New England, the Society does not schedule meetings in January and February. At the March 1978 meeting a film, "The Cutting of the King's Masts" was shown. In April our own members, Haven and Barbara Hayes, presented a slide program of their trip to Alaska before the Pipe Line came, to a large appreciative audience. The annual meeting was held in May, new officers elected, and "Show and Tellers" tested the knowledge of those present with various items from yesteryears. In June, John Auchmoody gave a lecture, with slides, on the Canterbury Shakers. On the hot and humid evening of June 29 a bus load of members attended a meeting of the Old Berwick Historical Society at the interesting "Old Counting House" Museum in South Berwick.

There were no meetings or trips in July and August. The UNH film "The Isles of Shoals" was shown at the September meeting. In October Roland W. Haines presented his excellent program on "The Majesty of the Midwest" with slides and sound effects. On the first Saturday in October some eighteen members were bussed to the restored Belknap Mill Building in Laconia, getting full enjoyment of the autumn foliage by going by one route and returning by another. At the November meeting forty members and guests enjoyed the talk by Fred W. Courser, Jr. on "Old Tools", with five tables of articles an exhibit. The 1978 activities were concluded in December with an interesting program by Barrington's Martin and Arlene Hardy on "Glass, one of Man's Best Friends," with particular emphasis on Carnival Glass.

After the usual "Winter Break", meetings resume March 7, when Dr. Charles Bolian will present a program on "Archeology of Weirs Beach." The public is cordially invited to attend these meetings.

Respectfully Submitted,  
Raymond Spinney, President

## LAMPREY REGIONAL SOLID WASTE COOPERATIVE

Since the approval of the agreement for the formation of the Cooperative voted by the twelve cooperating towns at their annual and special town meetings of 1978, the representatives formally established their organization to promulgate the administration and activities of the Cooperative as set forth in the approved agreement. The Joint Board of Directors consisting of one representative from each of the twelve communities selected a Chairman, a Secretary-Treasurer, and a three member Operational Committee to carry out the day-to-day work of the Cooperative. These officers, with the full cooperation of all of the Directors, have been working diligently and effectively to implement the terms of the agreement since its establishment on June 22, 1978 as a formal and legal organization. The names of the Directors and Officers are listed at the conclusion of this report.

The Cooperative through its Operational Committee in July of 1978, initiated interviews with prospective private engineering firms for the purpose of planning and designing the incinerator to be constructed on the University campus. This resulted in the selection and engagement of the firm of Camp Dresser & McKee, Inc. of Boston, Massachusetts, from the eight firms considered, in August of 1978. The engineering firm began their investigations in early September and have conducted detailed studies of the site, including subsurface explorations as well as evaluations of possible types of incinerator units to be purchased. The preliminary design phase of the engineering study is now complete and a report with recommendations, is being prepared concurrently with the development of plans and specifications soliciting quotations for the incinerator units. The receipt of bids for engineering firm is proceeding with the final design of the building and allied facilities with beginning of actual construction planned for May of this year. Depending on the delivery time of critical equipment, which will be determined by the quotations submitted for the incinerator units, every effort will be made to complete the plant construction and place it in operation in late 1979 or early 1980. The Board, through its officers and committees and acting as a committee as a whole, has participated actively in moving this program ahead in accordance with the schedule established for itself at the time of its formal organization.

Concurrently with the carrying on of the Cooperative's activities, the Directors as a whole, again through its officers and committees, has been working actively with each community to assist each of them in developing plans for the collection and transportation of its solid waste to Durham when the plant becomes operative. At the same time, plans are being made to conduct the ongoing required handling of their waste being generated during the interim period. The Cooperative also prepared a preliminary agreement with the University which was submitted through the Plant Development Committee and that of the Board of Trustees, all of whom approved the agreement or "Declaration of Intent" between the University and the Cooperative, enabling the Cooperative to move ahead in the planning and design of the project.

The Cooperative has made every effort to explore funding assistance through State and Federal agencies. These efforts include correspondence and inquiries through our congressional

delegation as well as personal testimony in Washington before appropriate government agencies and formal applications for all presently known possible sources of funding. To date, no special grants or funds have been obtained. The Treasurer has received approved funds from the cooperating towns for a total of \$159,778.00 and has invested them carefully except for those necessarily needed to meet the ongoing expenses of the Cooperative. Due to the funds made available by the communities, the town of Durham has not been required to issue the primary bonds, thereby eliminating substantial interest costs until the total bond issue is needed. The town of Durham plans to raise the authorized \$2,420,000 to be made available to the Cooperative in February of this year.

The Directors of the Cooperative wish to express their deep appreciation for the assistance given its efforts by officers and staff of the University system and the University of New Hampshire, as well as the officers and staff of all of the cooperating towns. Every effort will be made through continuing correspondence and news releases to keep all of the residents of the twelve towns informed on the progress in the development of their solid waste disposal and energy recovery plant.

## REPORT OF POLICE DEPARTMENT

During the calander year 1978, local officers of the Barrington Police Department investigated 69 automobile accidents, and 171 cases of breaking and entering, theft, and/or vandalism, which resulted in 25 arrests. A total of 81 summonses, warrants, juvenile petitions etc. were served.

The department also had 148 assists or working with New Hampshire State Police and 81 with other police departments. The fine cooperation of the State Police and other departments is greatly appreciated and proved to be very helpful in the performance of our duties.

The year saw the department involved in 67 medical emergencies, 32 fire assists, 17 runaways or missing persons and 37 responses to alarms. There were 1,353 security checks made on local businesses and residences, while 717 additional miscellaneous complaints were answered.

Respectfully Submitted,  
Ralph W. Swain  
Chief of Police

## REPORT OF ANIMAL CONTROL OFFICER

I submit herewith my report of the activities of the Barrington Animal Control Officer for the year 1978. I received approximately 277 complaints on animals. I traveled approximately 5,551 miles and spent approximately 416 hours performing these duties. Dogs licensed 602.

Dog bites	8
Dogs killed by cars	8
Dogs lost	42
Dogs found	27
Stray dogs to S.P.C.A.	53
Claimed by owners	20
Lost dogs with tags back to owners	8
Dogs from other towns	6
Court summons	8
Restraining orders	42
Geese killed by dogs	1
Chickens killed by dogs	1
Involved in collecting license	30
Chasing deer	1
Stray cats	6
Dogs caught in traps	2
Dogs killed in chicken pens	3

Horse calls	5
Cruelty calls	7
Phone calls	180
Dogs to Vet	2
Dogs drowned	1

Respectfully Submitted,  
Sarah W. Bigelow, Animal Control Officer

## REPORT OF THE BARRINGTON FIRE DEPARTMENT

The 1978 fire log shows responses to 7 auto accidents, 7 vehicle fires, 1 boat fire, 1 boiler problem, 12 chimney fires, 1 false alarm, 2 fire alarm activations, 12 structural fires, 4 search and rescues, 1 resuscitator, 3 trailer fires, 21 grass and wood fires and 12 service requests of various natures.

We responded to 13 requests for assistance out of Town and received assistance from neighboring towns on 7 occasions. Five investigations of suspicious fires were conducted in cooperation with the Fire Marshall Office. Woodstove installations, oil burner inspections and Day Care and Foster home investigations totaled 35.

We received and put in service the new 1000 G.P.M. pump and 1000 gallon tank Bean truck in July. In October we received a Jeep 1½ ton 4x4 forestry truck on loan from the State of New Hampshire.

Due to the changing life styles of the Community negotiations are under way to us the Durham Fire Department dispatch Center to fill in the possible blanks in communications and as a back up.

We continue to highly recommend the installation of one or several smoke detectors in every home.

During the year the Department became informally associated with the Lakes Region and Concord Compact Mutual Aid Associations while retaining our long standing membership with the Interstate Mutual Aid Association.

Please remember that the Red Net telephone number s 664-7700 is the Fire Alarm and emergency number and not for general information.

Respectfully Submitted,  
Sumner A. Hayes, Chief

## REPORT OF DISTRICT FOREST FIRE CHIEF AND YOUR FOREST FIRE WARDEN

For more than 80 years, a cooperative effort between the State of New Hampshire and local forest fire authorities has created a forest fire prevention and suppression program that is recognized as superior throughout the United States.

Since the first forest fire laws were written in 1895, the state and local community governments have worked together to prevent and combat forest fires.

Today, 249 forest fire wardens and more than 1,800 deputy wardens are appointed every three years by the State Forester to work with the members of the State Forest fire staff in this effort. State funds are used to pay one-half the cost of forest fire suppression costs incurred by local forest fire organizations, within pay rates established

by the Governor and Council. State funds matched by local funds are used to purchase hand tools to suppress forest fires, to train local forest fire crews and in forest fire prevention work.

All outside burning, when the ground is not covered with snow, is permitted only after obtaining a written fire permit from your local Forest Fire Warden. Penalty for burning without a permit when one is required is a misdemeanor punishable by a fine up to \$1,000 or a jail term of up to one year or both.

REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!

#### REPORT OF SPEDY PROGRAM 1978

The Barrington Spedy Program started July 3 with an orientation and safety talk by Supervisor Elliott Stevens. A list of proposed projects was discussed and the theme this year was Community Beautification. Those present

were John Roberts, Gladys Young, Scott Varney and Danny Nagy.

Projects this year were spreading loam in the school yard and helping to tar the parking lots. Brush was cut at various intersections of roads, trash picked up along roads by the dump area, intersections on tar road were swept to remove loose sand and rocks.

Town Hall had its annual cleaning and polishing of paneling, washing of lights, general repairs and painting, stripping and waxing of Town Office and gym floors. Grass and bushes were also cut.

The Spedy people took turns working with the Road Agent Ron Landry, cold patching the roads in town.

We scraped and painted the bottom part of the fire station and scraped and scraped and painted the town snow plow blades.

The biggest project this year was scraping and painting 650 feet of white picket fence at Pine Grove Cemetery.

The first of August Richard Townsend and Robert Maskell who had spent five weeks at UNH Highland House in Durham on a work and learn program joined our Spedy Program.

The last two weeks our special project was replacing road name posts and signs.

Each individual had tasks assigned to them to do at town hall in the morning before taking off for the days work. Gladys Young was responsible for watering weeding and general maintenance of the flower beds around the town hall.

On August 25th the Spedy ice cream party was held in the new kitchen that the Centinennial Grange worked on this year.

It was a wonderful group to work with this year and everyone spoke very highly of their work attitudes.

May thanks to them for their fine spirit of cooperation.

Respectfully Submitted,  
Elliott Stevens

#### REPORT OF HEALTH OFFICER

This year the Health Officer had a pretty easy time. There were not many problems and the ones that occurred were taken care of without much of a problem.

I feel that we can keep our Health problems to a minimum if we all consider our neighbors and environment, before proceeding to do something foolish.

Healthful New Year,  
Salvatore Farina, Health Officer

#### REPORT OF THE RURAL DISTRICT HEALTH COUNCIL

During the past year the Rural District Health Council has seen an increase in services provided by the Council. As the Federal Government studies the cost of health care, there is increased costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

The agency supported the Referral Coordinator at Frisbie Memorial Hospital for four years; with the increase in

service and cost of the program, the agency looked to other sources for financial help. In February of 1978 the hospital agreed to reimburse the agency for this program. Mrs. Marie Dexter, R.N. continues to fill this position.

The agency's priority is the care of the sick services, provided in the home.

The staff conducts Adult Health Screening clinics on Wednesday. The first and third Wednesdays it is held in Farmington. The second services the program has changed its schedule and is providing the service twice a month in Farmington. This program cares for a great number of patients. There have been 595 patients seen, with 174 new patients enrolled with 52 direct referrals made.

The staff also participates in the after care program in cooperation with the Strafford Guidance Center and Seacoast Counseling Center.

The council continues Home Health Aide Services through the contract with the Strafford County Home Maker, Home Health Aide Association covering Rockingham County Towns. The agency also employs two Home Health Aides, Gail LaRosa and Renee' Wormell. This enables the council to better utilize the professional staff while continuing to provide quality care.

The Child Health Program has once again seen an increase in service. Miss Arlene Thorne R.N., coordinator of the program remains on the State Child Health Conference Committee. Because of the added case load it was necessary to have additional help. In August of 1978, Mrs. Paula Davis R.N. was employed to work within this program and also to act as coordinator of the Elderly Health Screening Program.

The Child Health Program offers physical examinations, immunizations, teaching and counseling for ages 0-6 years with an enrollment of 842 children. It also provides a Dental program which includes cleaning and fluoride treatment twice a year, with referrals to local Dentists for follow-up care when needed. This program provided service to visits are provided when necessary to assure continuity of care. This is funded in part by the U.S. Dept. of Health Education and Welfare, N.H. Division of Public Health, Bureau of Maternal and Child Health grant and the Rural District Health Council.

This year the agency has opened its clinics to school children to make it possible for the schools to raise the level of immunity within the school age child.

The agency is providing the medical component to the Supplemental Food and Nutrition Education Program for Women, Infants, and Children, (WIC) in conjunction with the Strafford County Prenatal Family Planning Program, Inc. The program provided service to 225 children from ages 0-5 years. The food include, formula, dairy products, fruit juices and cereals.

Transportation being a factor in the areas covered by the agency, the council offers space to the Strafford County Prenatal and Family Planning Clinic to hold a satellite program for family planning once a month.

The agency's dedicated staff is Mary Timmons, R.N., Supervisor, Arlene Thorne, R.N., Paula Davis, R.N., Marie Dexter, R.N., Barbara R.N., Alice Ziegler, R.N., BSN, Gail LaRosa, Renee' Wormell, Carl Scholl, RPT, Eleanor Eaton and Junellen Chase.

With the increased cost of the home visit the council feels it is more realistic to increase the charge per visit for the care of the sick. The agency continues to feel that patients who are not covered by insurance are not expected to pay the full charge. The council provides service to any one regardless of ability to pay. This allows the per capita request to remain at \$1.50, from each town.

During the past year the council has made 302 skilled nursing visits, 67 Home Health Aide visits, 48 Physical Therapy visits, 58 Child Health Visits, and 202 children have attended the Child Health Clinic.

Anyone interested in additional information is urged

to contact the Rural District Health Council, Inc. P.O. Box 563, 6 So. Main St., Farmington, N.H. 03835. Telephone 755-2202 between the hours of 8:00 AM - 4:00 PM Monday - Friday.

Ardala Houle, R.N.  
Executive Director

#### REPORT OF EMERGENCY MEDICAL SERVICE COORDINATOR

In 1978, ambulance coverage for Barrington was provided by Durham Ambulance and the Dover Police. From March through December, there were 56 ambulance calls to Barrington.

Barrington Emergency Medical Services was thought of in 1977 and took form in February 1978. In March 1978 officers were elected and by April 1978 the group was organized and association papers were filed. The Barrington Mobile Home Estates Women's Club was instrumental in getting BEMS started. In 1976 the Women's Club supplied the Barrington Emergency Medical Coordinator with a first aid kit and in 1977 they raise enough money to also supply the Barrington cruisers with first aid equipment. The Town of Barrington then carried on by supplying all the qualified BEMS responders with complete first aid kits. The Barrington Mobile Home Estates Women's Club is continuing to assist in funding of any equipment that is needed. A special thank you to these wonderful women.

BEMS is composed of two types of volunteers, all of whom work together. One type of volunteers, all of whom work together. One type works on administrative functions, fund raising and any other jobs that needs to be done but does not respond on medical emergencies. All volunteers responding to emergencies are qualified by a minimum of Advanced Red Cross First Aid. Several of the responders are Emergency Medical Technicians which is currently the highest level of training for ambulance attendants in New Hampshire.

The BEMS responders are notified of medical calls in the town by tone activated pagers. Pagers are small battery operated one way radios. When toned responders receive messages from the Strafford County Dispatch Center in Dover telling them what has happened and where to go. The Town of Barrington appropriated the funds for the pagers, as well as a two way radio, at the March 1978 Town Meeting. Funds were also appropriated for pagers from the Highway Safety Commission. In June five pagers arrived and four more are on order. The two way radio arrived in July. The radio enables responders to communicate directly with the dispatcher and at times the responding ambulance. The Association has also ordered white coveralls for their responders. These uniforms will help in identification of BEMS responders to the police and fire departments, the responding ambulance service as well as the public. So if you call for an ambulance and someone in white comes to your door don't dismay they're there to help you.

In the future BEMS is hoping to raise enough money and town support to purchase an ambulance so we can better serve the community. The Association meets the second Monday of every month at the Town Hall. Anyone who is interested in volunteering their services or is just curious is welcome to attend the meeting.

## REPORT OF THE TOWN LIBRARY TRUSTEE

In the fall of 1978, Mrs. Ann Brooks regretfully submitted her resignation as school librarian. The School Board and Principal Mason invited the library staff and trustees to cooperate with them in securing a replacement for Mrs. Brooks. After the position was duly advertised and candidates interviewed, Mrs. Margaret Smart was chosen

as the new school librarian, and has begun her work in a splendid manner. We are grateful to Mrs. Andrade and Mrs. Emhardt for assisting us in keeping the library open for the school during the period of transition.

An important event to anyone with even a slight interest in libraries occurred in Concord last fall when the New Hampshire Conference on Library and Information Services was held. This conference tried to involve non-library connected citizens, and we were ably represented by Marjorie Timm and Rose Fogg, who have excellent reports of all the meetings. The so-called Martin Report was an important consideration of the conference. This report is the result of a survey and analysis of the state's public and school libraries, by Dr. Lowell A. Martin, a national educator and librarian.

One of the Martin report's recommendations is the abolishing of the State Bookmobile Service as we now have it. This is being stoutly resisted by many, especially small libraries. Where would our library be without the opportunity of borrowing more than 2000 excellent books from this source each year?

There are several good proposals in this report: one, that public and private libraries should cooperate closely, which Barrington has been doing for many years. Another proposal is that the State restore funding to the State wide Library Development Plan which was adopted sixteen years ago, and funded for only a part of those years.

The Martin Report is available in the library, and in the January 1979 issue of a New Hampshire magazine there is a very readable account of the whole situation.

Sally Crateau graciously conducted story hours during the summer to the enjoyment and edification of all who attended.

A new magazine rack is on order which will make access to the children's magazines much easier for the small patrons. We had ready for the beginning of the school year in September a new set of World Book Encyclopedia which is in almost constant use.

Respectfully Submitted,  
Dorothy B. Berry, Town Library Trustee

STRAFFORD COUNTY SHERIFF'S DEPARTMENT  
DISPATCH CENTER  
ANNUAL REPORT

1978 was the busiest of the seven years of our existence. Our volume increased 20% over last year, making a total count of 369,383 radio transmissions and telephone calls, costing 12.1¢ per transmission, a cost reduction per transmission of 4% over last year.

The Center, as designed in 1971, along with what little additional equipment we now have, makes this possible with one Dispatcher per shift, to dispatch the Sheriff's Department and the seven towns within the County, without delays, due to the efficient and well trained Dispatchers we now have.

The cost of operating the Center is expensive; it goes up each year. Last year, I recommended that we charge the towns \$1.50 per person by State population figures. Had the State done a census this year, we would have received approximately 50% of the budget. As it is now, the towns will provide 40.9% of the proposed budget. Last year, they paid 35% of the total budget.

The proposed budget prepared by Ms. Lord, is a realistic budget. It does reflect some increases for the Dispatchers. In 1971, I suggested that we use the State Step Plan-Labor Grade 7 and we hired the Dispatchers according to this Plan. No one has followed through with this Plan over the years. Consequently, a Dispatcher working here receives less than Dispatchers working in much smaller Centers after the first year. I feel this has been responsible for the large turnover in help in the past. New Dispatchers take up to a year to train fully and this adds to the cost of operating the Center and reduces the quality of the service that we are able to provide.

The Dispatch Center could be made more efficient by enlarging the Center. This could be done by moving the secretary and closing in that area and requiring anyone going into the Dispatch Center to enter through the existing door in what used to be the Conference Room. It would give us more room and cut down on some of the interference caused by people talking in the area, enabling the Dispatch Center to operate as it was originally designed, even with the increased workload, without much increase in personnel or equipment, in the foreseeable future.

Respectfully Submitted,  
Paul R. Gelinas,  
Communications Officer

The Town appropriated \$75,000 in 1978 for road maintenance, Summer and Winter. The budget for 1978 is:

	<u>SUMMER</u>	<u>WINTER</u>
Appropriation	54,000.00	21,000.00
Expended	55,578.11	26,329.09
Reimburse- ments	2,220.68 (Culvert & Rental)	Ø
Deficit/Credit	642.57 +	5,329.09 -
TOTAL DEFICIT SUMMER/WINTER = 4,686.52		

Detailed Expenditures are listed in the Detailed Statement of Payments.

I'm over my budget by \$4,686.52 in Winter Maintenance which can be expected because winter budget can no more accurately be figured than the weather can be predicted a year in advance. The blizzard of February 1978 is included here.

In addition to the regular budget we receive two subsidies from the State: RSA 241:14 and :15, and TRA (Town Road Aid).

	<u>RSA 241:14 &amp;:15</u>	<u>TRA</u>
Appropriation	25,857.98	Town share 1,030.11
Expended	<u>25,857.98</u>	State-Share <u>6,867.42</u>
+/-	Ø	TOTAL <u>7,897.53</u>
		Expended <u>Ø</u>
		Carry over to 1979 7,897.53

The RSA 241:14 and :15 monies were spent primarily on gravel roads and their ungrading. Many of these gravel roads are still in terminal condition and if we don't do something to revive them within the next three years we might just as well vote to close them.

The Town Road Aid monies must be spent on re-construction projects under State direction and because we had no special Town appropriations in the Warrant last year to supplement our Town Road Aid other than the mandatory share it was decided to carry the full amount forward to this year amounts which should amount to about 16,000.00 and proceed on 2nd Crown Point road with a STG (surface treated gravel) surface as far as the funds will carry.

The budget appropriation I's asking for is substantially more than last year. This only proves that the appropriation has been sorely lacking in the past. The rapid increase in housing development and the roads have suddenly become inadequate.

If we want better roads we must appropriate the money to build them. How far and how fast we progress toward better roads is directly related to you, the taxpayer, and how much you're willing to appropriate at Town Meeting.

The tax rate last year was \$3.99 per hundred dollars valuation. Of this \$3.99 .41 went to the County .29 went to the operation of the Town which includes Town Hall and town programs, Police, Fire and roads. I have no desire to present an inflated budget and I don't feel I have.

Respectfully Submitted,  
Ronald D. Landry

# BARRINGTON ROAD PROGRAM 1979

## GENERAL

The roads within Barrington that the town is required to maintain for public travel are known as Class V roads. There are almost 50 miles of Class V roads in town. Approximately one-half (27.4 miles) of these roads have a tarred (surface treated gravel) surface and the remainder (22.5 miles) have a gravel surface.

The long range objective of the road program is to have all Class V roads meet the requirements of the town road ordinance (including a tarred surface) except for roads with a traffic count of less than 50 per day. These roads will be retained as gravel roads. (Approx. 5 miles)

The approach to the road program is to work toward the long range objective through an annual program planned and executed in accordance with the following priorities.

1. Maintenance of all roads in a safe and passable condition.

2. Preservation of roads that now meet town standards through a program of regular maintenance.

3. Surfacing of those roads whose roadbed is constructed in accordance with town standards.

4. Upgrading through reconstruction and surfacing a portion of existing gravel and older tarred roads each year.

To assist in establishing priorities for maintenance and improvement a traffic count was taken for most major roads in 1978. This program will be completed for all remaining roads during 1979.

For ease of understanding and management the road program is divided into the following categories:

Summer Maintenance  
Summer Improvement  
Winter Maintenance

The work proposed for 1979 in these categories together with the costs associated with each are contained in the remainder of this program.

## SUMMER MAINTENANCE

To preserve existing gravel roads in a safe and passable condition requires a regular program which includes grading each road at least once during the summer season. Depending on traffic, weather and road condition some roads require grading two or more times. Road maintenance such as replacing gravel, removing berm, cleaning ditches and culverts and removing brush to preserve drainage should be done once each four years. Dust control is provided by one application of oil in front of each residence fronting on a gravel road. The program for summer maintenance of existing gravel roads is as follows:

1. Road grading Total of 45.0 miles	\$10,972
2. Dust control	\$ 3,000
3. Road maintenance	
Scruton Pond	.30 mi.
Winkley Pond	.32
Wildcat	.30
Tibbetts	.50
Pierce	.31
Second Crown Pt.	.40

2.33	\$11,245
.28	* Note
2.61	

Town Crew and Equipment	\$5,000
	16,245

TOTAL \$30,217.00

\* NOTE 8077.84 carryover 1977 Article 9.

Existing Tarred Roads

Preservation of existing tarred roads requires the application of a sealing coat every four years. In addition, berm removal, ditch cleaning and road leveling where required should be done when sealing. Based on current mileage, approximately 7 miles of tarred road should be sealed each year. The maintenance program for tarred roads is as follows:

1. Road sealing etc.		
Beauty Hill	1.6 mi.	\$7789.00
Hall	2.0	6212.00
Pond Hill	2.24	6516.00
Mt. Misery	1.8	5446.00
	<u>6.64</u>	<u>25,963.00</u>
Culvert, level and patch	5,	392.00
Town Crew and Equip.	4,	244.00
		TOTAL \$31,609.00

Emergency Repairs

Depending on such factors as weather, winter severity and traffic loads unscheduled maintenance such as hole patching in tarred roads and repair of small sections of gravel roads is required. Road sign replacement is also included. The program for this activity is as follows:

1. Patching	\$9,450
2. Repairs etc.	<u>6,100</u>
	TOTAL \$15,550.00

SUMMER IMPROVEMENT

This part of the program involves the upgrading of gravel roads to meet town road standards through reconstruction and surfacing. Some reconstruction of older tarred roads will also be required where they have deteriorated. Initially, priority will be given to those gravel roads whose roadbeds were constructed to town standards and whose early completion and surfacing will be least expensive and will preserve funds already invested. Due consideration will also be given to traffic load. It is proposed to complete all roads in 15 years which requires an improvement program of approximately 1.2 miles per year. The road improvement program is as follows:

1. Reconstruction and surfacing gravel roads		
Second Crown Point Wells to bridge	.6	\$12,000
Meadowbrook & Hilltop	.32	4,400
Fogarty	.5	7,500
	<u>1.42</u>	<u>\$23,900</u>
2. Reconstruction and surfacing tarred roads		
Hall (near Len Kay)	.38 mi.	\$18,000
		TOTAL \$41,900.00

WINTER MAINTENANCE

The winter maintenance program consists mainly of the

1. Total seed cost  
 2. Contingency

\$12,700

\$21,500

TOTAL \$34,200

### PROGRAM SUMMARY

Summer Maintenance \$77,875.00

Summer Improvement \$11,000.00

Winter Maintenance \$25,325.00

TOTAL \$114,200.00

## REPORT OF THE BUILDING INSPECTOR FOR 1978

Construction for 1978 proceeded at the same rapid rate. The total estimated cost of construction was \$8,150,000.

## TOWN MEETING MARCH 14, 1978

At a legal meeting of the Representatives of the Town of Dartmouth in the County of Stratford in said State, the following action was taken at the Town Meeting on Tuesday, the fourteenth day of March 1978, at the Dartmouth Community Center:

The meeting was called to order by Moderator Stephen N. Dunn at 7:00 PM. The question that came up for action was the election of a selectman and a selectwoman. At 7:15 PM the meeting was called to order for action on the Articles of Dismissal.

Number of eligible voters on the list: 1000  
 Number of votes cast by the selectman: 100  
 Number of votes cast by the selectwoman: 100

Article 1. The following officers were elected:

Selectman for three years: Albert B. Barry 100 Votes  
 Selectman for three years: Lynn L. Sanders 100 Votes  
 Town Engineer or Trust Funds for three years: Dorothy E. Barry 100 Votes  
 Library Trustees for three years: Dorothy E. Barry 100 Votes

The following write-in candidate was not elected:  
Selectman for three years: Ronald P. Seaver 44

Article 2. The following officers were elected:

Moderatore for two years: Frederick M. Timm 448  
Supervisor of the Check List for  
six years: (write-in candidate) Rose Fogg. 72

The following write-in candidate was not elected:  
Supervisor of the Check List for six years:  
Janet Varney 40

Article 3. Question: Shall we continue the three-year terms of office for the Town Clerk, Tax Collector and Treasurer? Yes: 380 No: 67

Article 4. Question: Shall we adopt the provisions of RSA 72:47b and 47c for expanded exemptions on real estate which provide for a resident 65 years of age up to 75, a \$5,000.00 exemption; a resident of 75 years of age up to 80, a \$10,000.00 exemption; a resident of 80 years of older, a \$20,000.00 exemption; provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife; asid resident had a net income of less than \$7,000.00 or combined income with spouse of less than \$9,000.00; and owns encumbrances, not in excess of \$50,000? Yes: 428 No: 38

Article 5. Question: Do you approve of having two sessions for the annual town meeting in this Town, the first session for choice of town officers elected to be inserted on such official ballot and the second session, on a date set by the selectmen, for transaction of other business? Yes: 317 No: 137

Article 6. It was voted by the Town to raise the salary of Town Treasurer in the amount of \$200.00, and the salary of the Town Clerk in the amount of \$500.00  
Motion: George Musler

Article 7. It was voted that the Town authorize the Selectmen to appoint all necessary Town Officers.  
Motion: E. Colby

Article 8. It was voted that the Town will accept the reports of its Officers and Agents. Motion: Earl Colby

Article 9. It was voted that the Town continue with services of an Advisory Budget Committee and elect two members for a three year term. Motion: Ronald Seaver

It was brought to the attention of the Town that due to the election of Albert R. Shiely Jr. as a member of the board of Selectmen that there was a vacancy for a one year term, and due to the resignation of Richard Gardner that there was a vacancy for a two year term, so nominations were in order.

Mr. W. Burrows nominated Lowell Kirk for the two year term. The Town voted that Lowell Kirk be a member of the Advisory Budget Committee for the two year term.

Mr. W. Burrows nominated Wayne Beasley for the three year term. Mr. E. R. Rowell nominated Ronald Seaver. Mr. Seaver declined the nomination. Mr. George Musler nominated Louis Monti. The Town voted the Wayne Beasley and Louis be members of the Advisory Budget Committee for three year terms.

Article 10. It was voted that the Town authorize the Selectmen to print the list of assessments in the Town Report on a biannual rather than annual. Motion: Ronald Seaver

Article 11. It was voted by the Town inexpedient to legislate. Motion: George Musler

(Article 11: To see if the Town will vote to raise and appropriate the sum of \$50.00 to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the town, in cooperation with other towns in the Lakes Region).

Article 12. A motion was made by W. Dean and seconded to amend the motion to, "To see if the Town will vote to send a letter to the General Court urging the Court to pass legislation that would prohibit utilities from including in their rates, financing charges for facilities not actually able to provide service. Further, that the current rate increase be paid to Public Service Company by the Town under protest, and with concurrent notification to Public Service Company that the Town shall require 1% interest monthly on all CWIP payments made as well as full refund of said payments, should these payments be rendered illegal by legislative or judicial process." (Hand Vote) Yes: 88 No: 107

It was voted by the Town that a letter be sent to the General Court urging the Court to pass legislation that would prohibit utilities from including in their rates financing charges for facilities not actually able to provide service. Further, that the current rate increase be withheld from payments to the Public Service Company and placed in escrow. Motion: George Musler Hand vote Yes: 29 No: 171

Article 13. A motion was made by W. Dean and seconded that the article be amended to read: "To see whether the citizens of Barrington oppose the practice of "Construction Work in Progress" as a device used by Public Service Company to pass construction costs on to the consumer in the form of higher electric rates before facilities are providing service, and whether said Barrington citizens instruct their State Representative and State Senator to support legislation to render the practice of CWIP payments illegal in the State of New Hampshire." It was voted by the Town to accept Article 13 as amended.

Article 14. It was voted that the Town would authorize the Selectmen to withdraw the monies remaining in the Fire Truck Trust, \$1,971.92 plus interest, to be used to offset the second payment on the fire truck. Motion: Ronald Seaver

Article 15. It was voted that the Town would authorize the Selectmen to sell the following owned property acquired by tax sale, in accordance with RSA 80:42: Lots B19, B20, B21 at Long Shores on Berry River Road. Motion: C. Garnett

Article 16. A motion was made by George Musler and seconded that Articles 16 and 17, due to their importance and fine detail on them, be acted on after Articles 18, 19, 20, 21, 22, 23, 24 and 25. Motion was defeated by hand vote.  
Yes: 60 No: 176

It was voted that the Town authorize the Board of Selectmen to enter into an Agreement for the purpose of disposing of the solid waste generated by the cooperating towns and for the recovery of energy in the most economical and efficient manner. The Agreement is intended to provide, under State statute, for the joining of towns in a cooperative effort for the disposal of solid waste in a manner that will meet Federal and State requirements. Motion: Earl Colby

Article 17. It was voted that the Town authorize the Selectmen to withdraw from the Revenue Sharing account the sum of \$40,875.00 for use as the Town's share of the capital cost for the construction of incinerator and energy recovery facilities as set forth in Article 16 and further

authorize the selectmen to issue and negotiate such bonds and notes and at such rate of interest as may be determined by the Lamprey Regional Solid Waste Cooperative to be established under Article 16 and take such other actions as are necessary and are in the best interests of all members of the Cooperative, and to allow the Selectmen to accept federal, state or other grants that may be available to the town in providing its share of the project. Motion: Earl Colby

A motion was made by W. Burrows and seconded that the Town move to Article 29 and consider it, the budget at this time, and return to Article 18 after consideration of the budget. (Hand vote) Yes: 115 No: 55

Article 18. A motion was made that the Town raise and appropriate the sum of \$15,000.00 to be set aside for a complete revaluation of property in the Town, in the future. Motion: George Musler (Hand Vote) Yes: 115 No: 55

Article 19. It was voted that the town authorize the Town of Barrington to enter into an agreement with the Town of Strafford, pursuant RSA 53-A and RSA 53-A:3 to establish a water district consisting of the Towns of Strafford and Barrington for the performance of the following function: The supply of water for domestic and fire purposes. Motion: George Musler

Article 20. "To see if the Town will vote to remove the gates and bars from that portion of a road known as France R. or Old France Rd. South to U.S. Route 4 and re-classify it to a Class five (5) road." It was voted by the Town inexpedient to legislate. Motion: George Musler

Article 21. "To see if the Town will vote to accept Captain Bud Lane after hearing the reports of the Selectmen and their agents." It was voted by the Town inexpedient to legislate. Motion: G. Pinzari

Article 22. "To see if the Town will accept a certain highway over and upon the property of Thomas F. Saulnier for the accommodation of the public. The aforesaid highway consists of a road, named Mayflower Drive, being fifty (50) feet wide and approximately 950 feet long, and providing access to 13 lots as approved by the Planning Board, on the Southerly side of Beauty Hill Road, one and one-half miles West of Route 125, as shown on the Subdivision plan on Mayflower Acres, "Plan of Land of Thomas F. Saulnier, Barrington, N.H.", number A-615, dated December 1974, by Frederick E. Drew Associates, Surveyor." It was voted by the Town inexpedient to legislate. Motion: W. Turcotte

Article 23. Moderator Frederick N. Timm declared that upon the Town's opinion and the opinion of counsel and the Strafford County Superior Court, "I have to declare this article invalid." The moderator explained that in recent proceedings in the Strafford County Superior Court entitled Andrade v. Burrows, Seaver and Musler, the issue of the Andrade Road being established as a public road by public travel for twenty years prior to January 1, 1968, was specifically considered by the County Superior Court. The Superior Court denied the petition filed by the Andrades and therefore, there is judicial precedent for the fact Andrade Road has not been established as a public way by twenty years of travel prior to January 1, 1968.

Article 24. "To see if the Town will accept as Town Streets the following streets at Route 125 just north of Dover Federal Savings and Loan Assoc.; Forest Brook Drive starting on the easterly side of Route 125 going easterly then southerly to its intersection with Century Pines

Drive 1,138 feet in length; Century Pines Drive starting on the easterly side of Route 125 going easterly 418 feet to the intersection with Forest Brook Drive, then curving southerly 406 feet to a turnaround, and including said turnaround, and including said turnaround; as Town Streets subject to applicable ordinances, said streets were inspected during and after construction by Town Road Agent Lenzi who wrote to the Selectmen on September 10, 1975 stating that "Roadway is in keeping with existing town specifications". Minor improvements and paving of the streets will be done by the owner during the summer of 1978 to meet the new requirements of "Ordinance for Acceptance of New Streets Adopted March 10, 1976", and final acceptance by the Selectmen in the name of the Town, when this work is complete.

It was voted by the Town inexpedient to legislate.

Motion: P. Royce.

A motion was made by G. Musler and seconded to recess and reconvene at 12:01 March 15, 1978. Motion passed.

Article 25. A motion was made by R. Shepherd and seconded to amend this article to read, "To see if the Town will carry out the surfacing of Meadowbrook Road up to \$14,000.00. Motion defeated.

Article 26. "To see if the Town will raise and appropriate the sum of \$28,000.00 for surfacing of Second Crown Point Rd., from Pond Hill Road to the bridge." It was voted by the Town inexpedient to legislate. Motion: D. Hatch

Article 27. It was voted by the Town to give final acceptance to the following roads in Speedwell Pines (so-called) area. Lakeshore Drive (so-called), starting from the Southwest side of Beauty Hill Road and going in South, Southwesterly for 750 feet (approximately). Then running South, Southeasterly and going 2,217 feet (approximately). Then running South, Southeasterly and going 2,217 feet (approximately) to a terminus. Woodhaven Drive (so-called) starting on the Southwest side of Beauty Hill Road and going in Southeasterly for 395 feet (approximately), and intersection with Lakeshore Drive (so-called) as Town roads subject to applicable ordinances. Motion: George Musler

Article 28. It was voted that the Town authorize the Selectmen to borrow up to 500,00.00 in anticipation of taxes. Motion: Norman Arlin

Article 29. It was voted that the Town accept all other items in the budget not covered by Articles in the warrant. Motion: George Musler

Article 30. It was voted by the Town to hold a Special Town Meeting, after proper warning, in order to consider the three roads asking for acceptance by the Town and/or any other business at that time. Motion: George Musler

A motion was made that an antique check list be placed in the hands of the Barrington Historical Society.

Motion carried.

A motion was made to adjourn at 1:10 AM March 15, 1978. Motion: Norman Arlin

A true copy, attest:  
Muriel T. Leocha, Town Clerk

The meeting at the Community Building Auditorium in Barrington was called to order by Moderator, Frederick N. Timm at 7:30 PM.

Number of eligible voters on check list	1,742
Number of eligible voters present:	75

Article 1. It was voted that the Town accept as a town road a certain highway over and upon the property of Thomas F. Saulnier for the accomodation of the public. The aforesaid highway consists of a road, named Mayflower Drive, being fifty (50) feet wide and approximately 950 feet long, and providing access to thirteen lots as approved by the Planning Board, on the Southerly side of Beauty Hill Road, one and one-half miles West of Route 125, as shown on the subdivision plan of Mayflower Acres, "Plan of Land of Thomas Saulnier, Barrington, N.H.", number A-615, dated December 1974, by Frederick E. Drew Associates, Surveyor.

Motion: V. Acox

Article 2. It was voted that the Town accept as a town road a certain highway over and upon the property of Ivan T. Fogarty for the accommodation of the public. The aforesaid highway consists of a road, named Captain Bud Lane, being fifty feet wide and approximately six hundred feet long, and providing access to seven lots as approved by the Planning Board on the Easterly side of Hall Road, as shown on the subdivision plan of "Fogarty Subdivision, Barrington, N.H." number A-590 dated August 1974, by Frederick E. Drew Associates, Surveyor. Motion: V. Acox

Article 3. It was voted that the Town accept as town roads the following roads at Route 125 just north of Dover Federal Savings and Loan Association, Forest Brook Drive starting on the Easterly side of Route 125 going easterly then southerly to its intersection with Century Pines Drive 1,178 feet in length; Century Pines Drive starting on the easterly side of Route 125 going easterly 418 feet to the intersection with Forest Brook Drive, then Curving southerly 406 feet to a turnaround, and including said turnaround.

Motion: L. Cutter

Article 4. A motion was made by M. Scarks and seconded that the Town accept as town roads, two roads known to most as Road A and Road B which are located in the Park Realty Subdivision off Scruton Pond Road.

A motion was made by M. Scarks to amend the motion to read that the Town accept as town roads, Road A be accepted as Park Lane and Road B, as Stroud Lane which are located in the Park Realty Subdivision off Scruton Pond Road.

Motion carried.

Article 5. It was voted that the Town accept as a town road a road known to some as Amy's Lane, located on the Southerly side of Brooks Road, as shown on the subdivision plan, "Plan of Norman Charlestream, " dated October 1975, Berry Construction, Inc. Motion: B. Craddock

Article 6. No motion made on any other business. It was voted by the Town to adjourn at 8:40 PM. Motion G. Musler

Respectfully Submitted

## SCHOOL DISTRICT MEETING MARCH 20, 1978

At the legal meeting of the inhabitants of the School District of the Town of Barrington, the following action was taken on the School Warrant on Monday, the twentieth day of March, 1978.

The meeting at the Barrington Middle School was called to order by the Moderator Fred Timm, at 8:00 PM.

Article 1. To determine and appoint the salaries of the school board and truancy officer, and fix the compensation of any other officers or agent of the district.

On motion made by George Calef and seconded by Dawn Hatch it was

Voted: to bypass Article 1 until after Article 4 was considered.

Article 2. To hear the reports of agents, auditors, committees, or chosen officers, and pass any vote relating thereto.

On motion made by Faith Wallace and seconded by Majorie Mielke it was

Voted: To accept Article 2 as written.

Article 3. To choose agents and committees in relation to any subject embraced in this warrant.

59.

on motion made by Jim Downer and seconded by Albert Shiely it was

Voted: To postpone consideration of Article 3 until through with Article 6.

Article 4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.

On motion made by Dick Rowell and seconded by Dawn Hatch it was

Voted: To consider the proposed School Board Budget item by item as on page 102 of the Town Report.

100 Series-Administration

Line 110-Salaries, District officers- Total \$2495.00

On motion made by Joe Lovell and seconded by Sue Caswell, an amended motion was made by Larry Rondeau and seconded by Gerry Pinzari to consider the sum of \$2,195.00.

Voted: To accept the amended figure of \$2,195.00.

Line 135 Contracted Services Total \$6,500.00

On motion made by Len Clough and seconded by Gail Kinney it was

Voted: To move the amount of \$6,500.00.

Line 190 Other Expense of District Officers Total \$1,150.00

On motion made by Gail Kinney and seconded by Olive Haynes it was

Voted: To accept the figure of \$1,150.00.

200 Series Instruction

Line 210 Salaries Total \$364,294.00

On motion made by Joe Lovell and seconded by Gail Kinney it was

Voted: To accept the figure of \$364,294.00

Line 215 Textbooks Total \$6,680.00

On motion made by Len Clough and seconded by George Calef it was proposed and

Voted: To accept the sum of \$6,680.00

Line 220 Library and Audio-Visual Total \$5,765.00

On a motion made by Dick Rowell and seconded by George Calef, it was moved to accept lines 220, 230, 235, and 290 as in the budget. An amendment was then made by Bill Condon to amend the figure in line 220 and increase the reference book section by a sum of \$2,535.00. Mr. Rowell then withdrew his motion. It was then moved by Joe Lovell and seconded by Julien Olivier to amend the total figure of line 220 to \$8,300.00.

Voted: To accept the total of \$8,300.00

Line 230 Teaching Supplies Total \$19,530.00

On motion made by Gail Kinney and seconded by Pat Newhall it was

Voted: To appropriate the sum of \$19,530.00.

Line 235 Contracted Services Total \$2,345.00

On motion made by Joe Lovell and seconded by Gail Kinney it was

Voted: To accept the amount of \$2,345.00 for this line item.

Line 290 Other Expenses of Instruction Total \$1,895.00

On motion made by Len Clough and seconded by Gail Kinney to adopt the figure of \$1,895.00, an amendment was made by

George Calef and seconded by Dick Burrows to include the 300 series, 400 series and 500 series along with line 290 as requested in the School Board budget. It was

60.

Voted To accept the amendment and adopt the figures of line 290, 300 series, 400 series and 500 series as stated in the budget.

600 Series Operation of Plant

Line 640 Salaries Total \$21,782.00

On motion made by Gail Kinney and seconded by Joe Lovell it was

Voted: To accept the figure of \$21,782.00 for line 610.

Voted: To accept Article 1 as read.

Article 6. To hear a report of the School Board relative to the proposed four room addition and to see what action the district wishes to take.

On motion by Gerry Pinzari and seconded by Elaine Nettleton to instruct the School Board to take options on land for a new school and to come back at a special School District Meeting with a building proposal, an amendment was made by Bill Dean and seconded by Jim Downer to also instruct the School Board to have the tow drain installed and to get approval for the current Middle School system. It was Voted: To accept the ammendment on the original motion it was Voted: To accept the motion as read.

Article 3. To choose agents and committees in relation to any subject embraced in this warrant.

On motion made by Gerry Pinzari and seconded by Gail Kinney it was

Voted: To adopt the same Budget Committee as that used by the Town.

Article 7. To transact any other business which may legally come before this meeting.

At this time a vote of thanks was extended to Walter Lovell for all the time and effort he put into being a member of the School Board. A vote of thanks was also extended to Budget Committee members Chris Kirk, Dick Burrows and George Calef for the time they put in reviewing the budget.

There being no further business to come before the meeting on motion by Jim Downer and seconded by Bill Dean it was

Adjourned accordingly at 1:25 AM.

Respectfully Submitted,  
Pam Lenzi  
School Clerk

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Barrington qualified to vote in district affairs:

You are hereby notified to meet at the Middle School Multi-purpose Room in said district on the 12th day of March 1979, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To hear the reports of agents, auditors, committees, or officers chosen and pass any vote relating thereto.
2. To choose agents and committees in relation to any subject embraced in this warrant.
3. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District.
4. To see if the Town of Barrington wants to increase the School Board membership from three to five members; election of the two additional members to be held on or before May 15, 1979. (By Petition)
5. To see if the Barrington School District wishes to withdraw from Supervisory Union #44. (By Petition)
6. To see if the District will authorize the School Board to make application for and to receive and expend, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies; private agencies and/or other sources.
7. To transact any other business which may legally come before this meeting.

Given under our hands at said Barrington this 14th day of February 1979

This is to certify that we have examined the books,  
vouchers, bank statements and other financial records of the  
treasurer of the school district of Barrington of which the  
above is a true summary for the fiscal year ending June 30,  
1978, and find them correct in all respects.

August 1, 1978

Dorothy B. Berry  
Linda L. Sanders  
Auditors

REPORT OF THE SUPERINTENDENT  
AND  
ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Barrington School District:

As of September 20, 1978 the enrollment in the Barrington Schools was distributed as follows:

Grade	1	2	3	4	5	6	7	8	Total
Elementary School	85	69	102	70					326
Middle School					63	68	64	76	271
Totals	85	69	102	70	63	68	64	76	597

In addition the Barrington School District transports the following numbers of pupils to Spaulding High School under the provisions of a ten-year tuition contract:

Grade	9	10	11	12	Total
	40	40	51	47	178

This does not include the 50 pupils tuitioned to Area Vocational and other schools.

When school opened in September, 1978 the Elementary and Middle Schools were organized on the following:

Elementary School

<u>Employees</u>	<u>Assignment</u>
Robert Smolen	Principal
Jenneke Clough	Grade 1
Patricia Maize	Grade 1
Constance Parsons	Grade 1
Sally Crateau	Grades 1-2
Mark Greenwood	Grades 1-2

Carilyn Marpes	Grades 7-8 Social Studies
Marshe Pelliter	Grades 7-8 Home Economics
James Sullivan	Grades 7-8 Science

Other Staff Members

School Nurse

June Colby/Virginia Adams

This action has forced local school districts to budget the full costs of out-of-district placements on the expenditure side of their budgets and to show the anticipated reimbursements from the State Department on the estimated revenues side of the budget. For this reason, at first glance it would appear that our Special Education costs at the local level have skyrocketed dramatically when in reality the actual cost to the local school district has not risen as rapidly as the combined figures would indicate to be the case.

In addition to conducting the normal curriculum development activities and bringing the school district into compliance with the new Special Education legislation, this office will be assisting the School Board and administration in developing an awareness for the new school accounting system referred to as Financial Accounting Classification Handbook II Revised. This newly mandated financial accounting system must go into operation as of July 1, 1980. While it appears that this new accounting system will make a school district's budget and bookkeeping more complex in terms of additional paperwork, it will enable the school boards to retrieve information more rapidly which should contribute to more effective management decisions.

The Federal and State governments have placed a large degree of importance on energy conservation practices through the passage of the National Energy Act. Local school districts may soon become eligible for 50/50 matching grants totaling 1.5% of a respective school district's total energy costs for the preceding year. These grants according to our latest information will enable school districts to contract for the proper insulation of ceilings, the installation of combination windows, renovation of existing heating plants, etc. This office will assist local school districts with the application process for these funds.

In summary, we wish to express our appreciation to the members of the School Board, the teachers, pupils and citizens for the co-operation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goal will continue to be the best possible education for our young people.

Respectfully submitted,

Barry L. Clough  
Superintendent

Bernard R. Davis  
Assistant Superintendent

SALARY OF SUPERINTENDENT AND  
ASSISTANT SUPERINTENDENT

1977-1978

April 28-May 2 Spring Vacation  
May 30 Memorial Day

185 Days - 180 Days Required Attendance for Instructional Purposes

Since becoming principals of the Barrington Middle and Elementary Schools in July, 1978 we have become a part of many interesting and positive educational experiences that are going on.

We are witnessing what apparently is a levelling off of the rapid growth rate that was taking place. Our enrollment in September in Grades 1 through 8 was 597 students, yet classroom space is still at a premium. One self-contained 4th grade class is held in the Middle School, and one self-contained 4th grade class is held in the Community Room in the Town Hall. One Middle School teacher still travels from room to room, and the Art, Music, and Home Economics classrooms are utilized for classes other than what they were designed for at various times of the day. The Multi-purpose Room also serves as a home room in the morning and afternoon. Lack of classrooms has also necessitated the 5th and 6th grades becoming departmentalized rather than self-contained as they might be.

This year Art and Music were introduced to Grades 1 through 4 as a specialty subject by utilizing the Middle School's Art and Music teachers in those grades. Art is taught twice a week and Music three times a week for 9 weeks; then the schedule is reversed for the next 9 weeks. On days that the Art and Music teachers are not teaching in the Elementary School they teach 5th and 6th grades for 9 weeks, and then teach the 7th and 8th grades the following 9 weeks. We are hopeful that in the future we can improve upon these programs by adding a combination Art and Music teacher to the Elementary School staff so that our Art and Music teachers can devote more time and offerings, such as band and chorus, to the Middle School students.

We are continuing to work toward the School District's goal of providing our students with a good understanding and working knowledge of basic educational skills as well as providing them with other educational and social enrichments. This year we have hired a Remedial Reading Specialist who is working with students needing reading remediation in Grades 5 through 8. The Right-to-Read program is also very active under the direction of Mrs. Karen Schuster and Mrs. Frances Cram in Grades 1 through 8.

In the area of accountability, we are working to meet the State Board of Education mandate to "determine the educational goals of the district, develop long-range plans and identify measurable and attainable short-term objectives". Members of our staff, Mrs. Lygren and Mrs. Brown, worked on the Supervisory Union-wide Curriculum Accountability Committee last summer and helped to develop the Language Arts, Reading, and Mathematics curriculums. Soon to be developed will be the Science and Social Studies curriculums and the evaluative instrument for the final curriculum. We will also be reviewing and updating our current curriculums again this year in order to work toward educational goals and objectives that can be accountable.

Last summer Mrs. Sally Perkins Crateau conducted a very successful summer school program. This summer it is planned to continue this program and to expand it in order to benefit as many Barrington students as possible.

The D.E.E.P. (Developmental Economic Education Program) under the direction of Ms. Carolyn Marpes has been continued and expanded in order to help students at all grade levels to better understand the basic concepts of our economic system.

## SCHOOL NURSES REPORT 1978

The winter of 1978 was plagued with Chicken Pox, Flu and Strep throats at both Elementary and Middle schools, keeping absenteeism high.

The State Immunization Survey was almost a full time job until the end of February. We had some difficulty communicating with a small percentage of parents, but I wish to thank all those who were so cooperative in getting their children's immunizations records up to date.

There was a minimum number of injuries during the school year. Skinned knees, blisters and bumped heads etc. at the Elementary School. Middle school students sprained fingers and ankles during Phys. Ed. The more serious injuries usually happened after school hours and on weekends.

In the Spring I was scheduled to teach Health Ed. at the Elementary School once a week. At the Middle School I taught 8 sessions of First-Aid to the 5th graders and 2 double periods at 7th grade level of Child Care and supplemented Health Ed. in classes as teachers requested.

As I plan to retire in June 1979, I requested, through the School Board, to be allowed to work part time and stay at the Elementary School starting in September. My request was granted and Mrs. Virginia Adams, R.N. was hired to work at the Middle School, also on a part time basis, thus we have been able to cover for each other in emergencies.

In September Nursing Students from U.N.H. spent one day a week for 3 weeks, learning about the position and working on projects as required. This schedule lasted until Nov. and was a learning experience for us all.

Because of the amount of paper work now required I put in a request for a School Volunteer. I was fortunate in having two parents, Mrs. Shirley Hicks and Mrs. Judy Liberatore come in one morning each week, making it possible to complete the initial screening (Height and Weights, Vision and Hearing) of each child before the holidays. Mrs. Thelma Swallow also came in one morning a week to type and update my roto-file.

This has been of upmost importance when it has become necessary to contact parents for any reason.

Hearing defects seem to be on the rise. Parents are notified of any defects found and referrals are made to doctors when warranted.

I want to thank the people of Barrington for having allowed me a small place in the health education of your children for the past ten years. I have enjoyed working with the community as a whole, Town government, School government, individual parents and students. I have appreciated the cooperation of all in carrying out school policies as assigned to me.

Respectfully Submitted,  
June V. Colby, R.N.  
Elem. School Nurse

We appreciate the assistance, guidance and cooperation that we receive from our Supervisory Union Special Education Coordinator, Mrs. Sally Downing. Her leadership and expertise have been very helpful to our Special Education Program. Our schools also utilize the services of the Strafford Learning Center, and find it provides us with many helpful resources and services.

In summary, we feel that all members of our staffs are working toward carrying out the Barrington Schools' philosophy that learning is a process comprised of the development of educational skills, positive attitudes and values which will enable our students to deal more effectively with the events of life.

We are very pleased to work with such a dedicated and highly professional teaching staff. We are also very fortunate to have a very skilled and dedicated secretarial, nursing, custodial and hot lunch staff. The support and efforts of these people contribute greatly to the overall educational programs in our schools and their work is greatly appreciated.

We wish to thank all the citizens of Barrington for their support. We especially wish to thank the members of the Parent Teachers Councils of both schools and the members of the school volunteers who have donated their time, talents and efforts to helping improve the educational programs for our students.

We also wish to thank our School Board members, Mr. Clough, Ms. Kinney and Mr. Elliott, and our Superintendent, Mr. Barry Clough, and Assistant Superintendent, Mr. Davis for their leadership, guidance and help that they have given us since we have been here. We appreciate your encouragement and the confidence you have placed in us it is a pleasure to serve the community of Barrington, and we hope that you will feel free to call on us at anytime that we can be of service to you.

Respectfully Submitted,  
Bernard L. Mason and Robert Smolen  
Principals, Barrington Schools

## MIDDLE SCHOOL - SCHOOL NURSE REPORT 1978 (SEPT. - DEC.)

Since September I have been in the Middle School three days a week Tuesday, Wednesday and Thursday, except when holidays or illness made it necessary to change the day.

During the first week of school in September a pediculosis (head lice) check was conducted and again this year no children were found to be infected.

The annual screening of students for height and weight, teeth, vision, hearing and Scoliosis (curvature of the spine) has been completed for the fourth through the seventh grade. All defects found during screening have been reported to parents so corrective measures can be taken. Those students referred include: 17 for vision, 4 for hearing, and 2 for Scoliosis. The eighth grade students will be screened in January.

An average of eight students a day are seen for first aid. Most of the first aid is for minor injuries or illness, although we have had 4 incidents of broken bones. Throat cultures taken on children complaining of sore throats have turned up 4 positive strep throats.

In September I assisted with a child care/baby sitting course being taught to seventh graders. My emphasis was on first aid and accident prevention. Certificates were given to those students who successfully completed the course. I also taught a first aid course to sixth grade students, to reinforce and add additional techniques to the first aid training they had last spring. Those passing the test received an achievement certificate. In December I instructed eighth grade students about blood pressure, as part of their study of the human body. The emphasis was on the causes and prevention of high blood pressure. As part of the course, the student's blood pressures were taken and compared to show the normal variations.

From September to November student nurses from U.N.H. were at the Middle School to observe and assist in school nursing. Each student nurse spent 3 days here and did a project while here. These projects included showing a film and discussing the importance of hand washing, a poster on allergies, a poster on the Heimlich Maneuver, and a class on first aid and safety in the shop.

## THE ROAD MIS-TAKEN

Two lanes diverged on the interstate,  
And knowing I could not travel both  
I stopped beside the toll booth gate  
To look down one at New Hampshire's fate:  
More and more people - inevitable growth.

Then took the other, not quite the same:  
Sprawling developments and fast-food stores  
That proved my state would share the shame  
Of giving in to the "More-is-better" game  
And wreck the beauty of mountains and shores.

It might have been different, had we planned  
For the people who were sure to come;  
Allowed some uses, and others banned,  
For those who pushed to develop the land.  
But, lacking foresight, we played it dumb.

I shall be telling this with a sigh  
Somewhere ages and ages hence:  
Two lanes diverged on the road and I  
And my state took the one more traveled by,  
And that has made all the difference. D.D.
